

PROJECT: The Westin Resort (St. Maarten, US Virgin Islands)

### Customer Information

<b>Customer</b>	The Westin Resort
<b>Location</b>	St. Maarten, US Virgin Islands
<b>Building Type</b>	Hotel / Resort (Laundry)
<b>Install Date</b>	February 2011

### Solar System Details

<b>Solar Thermal System Type</b>	Solar Hot Water
<b>Anticipated Solar Fraction</b>	43%
<b>Type Of Solar Collectors</b>	Evacuated Tubes
<b>Solar Collector Model</b>	ThermoPower-VHP30
<b># Of Solar Collectors</b>	45
<b>Collector Gross Area (ft2)</b>	2513.7 ft2
<b>Type Of Mounting System</b>	Free Standing

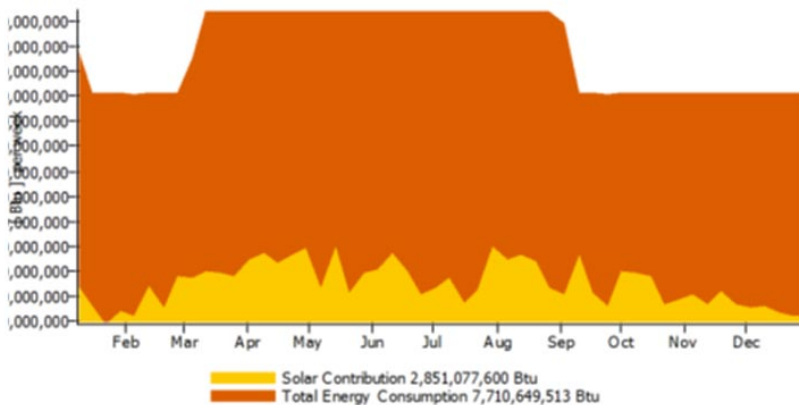

### Anticipated Annual Savings

<b>Annual Energy Savings (year 1)</b>	\$ 122160.04
---------------------------------------	--------------

### Anticipated Cumulative Savings (3% Annual Energy Inflation)

<b>5 Year Savings</b>	\$ 750917.77
<b>10 Year Savings</b>	\$ 1502812.82
<b>15 Year Savings</b>	\$ 2374546.87
<b>20 Year Savings</b>	\$ 3385054.72
