

# Product Data Sheet

TitanPower-A-ALDH-V3-ADPKIT-3/4NPT

Model	Collector Model
TitanPower-A-ALDH-V3-ADPKIT-3/4NPT	TitanPowerPlus-ALDH29-V3

Set includes:  
 1pc - End Cap  
 1pc - Manual Air Vent  
 2pcs - Collector Inlet / outlet adapter to 3/4" NPT

Manual Air Vent allows for bleeding of air out of the system during commissioning. Air vent should be closed when system is commissioned and air is purged out of the system.

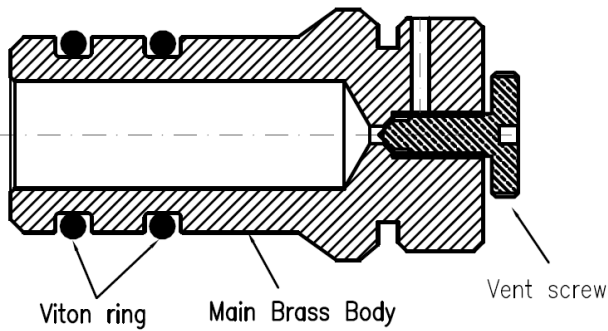

Note: Required on all installations of TitanPowerPlus-ALDH29-V3 collector banks unless other manual or automatic air vent provided and approved by SunMaxx Solar.
