PROJECT: Flying Goose Brew Pub & Grille (New London, NH)

Customer Information

Customer	Flying Goose Brew Pub & Grille
Location	New London, NH
Building Type	Commercial
Install Date	March 2011

Solar System Details

Solar Thermal System Type	Domestic Hot Water
Anticipated Solar Fraction	50%
Type Of Solar Collectors	Flat Plates
Solar Collector Model	TitanPowerPlus-SU2
# Of Solar Collectors	25
Collector Gross Area (ft2)	535.5 ft2
Type Of Mounting System	Flush Mount

Anticipated Annual Savings

Annual Energy Savings (year 1)	\$ 4284.68
---------------------------------------	------------

Anticipated Cumulative Savings (3% Annual Energy Inflation)

5 Year Savings	\$ 26337.93
10 Year Savings	\$ 52710.14
15 Year Savings	\$ 83285.62
20 Year Savings	\$ 118728.49
