

# Warranty Registration Card

This card should be filled out completely and sent back to SunMaxx Solar via e-mail to warranty@sunmaxxsolar.com to validate any/all warranties on SunMaxx Solar products. Photos of installation are also required. Please refer to the SunMaxx Solar System Components warranty document for complete document details. Registration information can also be sent via US mail to the address listed below.

The system owner should keep a copy of this warranty registration information and attach it to the hot water/storage tank, or in a prominent location nearby. This information should also be used by the system owner to contact the installer with any system maintenance or operational questions. If the system owner cannot contact the system installer, they should contact SunMaxx Solar toll free at 877.786.6299
